

Dominium to renovate senior community

by Burl Gilyard

Published: March 11th, 2013

Plymouth-based Dominion has announced plans to renovate and update the 60-unit Cottages of White Bear Township, a senior housing project. Dominion has managed the property in White Bear Township since 2005.

The renovation, which calls for interior and exterior upgrades, will be complete in June.

“The Cottages of White Bear has been a great home for many seniors and with these renovations, we hope to enhance that sense of home for our residents,” said Ron Mehl, senior developer for Dominion, in a statement.
